All American Glads

LANDMARK (512 Walter White 1960) Huge ruffled cream. Tall strong straight plants with 22 bud flower heads. Opens 10 beautiful florets at a time. Blooms in 85 days. This is Grand Champion material.

LITTLE PANSY (277 Fischer 1960) Small light violet with deep violet blotches. Blooms early on 32 inch plants with 16-18 bud flower heads. A valuable addition to the list of miniatures which are grand for arrangements.

SPARKLER (313 Fischer 1959) This is one of the prettiest All American selections. Well formed ruffled and fluted yellow florets with red blotches. Makes a nice plant and is just right for any purpose.

RENAE

(240 Lins 1960)

Parentage (Cinderella X Myrna X White Satin)

One of the prettiest delicately colored face up miniatures, which, besides it's good color, has also a unique form. The three pale pink outer petals are twice as large as the three inside pink and pale yellow petals. The stamens are pink. Color penetration of the heavy textured bloom is perfect.

Blooms early midseason on medium height plants. An exquisite delicately colored miniature which, those who like to make arrangements will love.

Named for our granddaughter Renae Lins.

TITANIC

(546 Lins 1960)

Parentage (Red Charm X Flame Girl)

Large bright red. A spike in bloom looks like a series of large red Amaryllis. Strong 55" plants with 5½ inch bloom on long flower heads. Blooms late midseason. Looks like a cutflower prospect for late bloom as it opens when cut in bud. Makes good spikes from smaller sized bulbs. Only defect we find is that the large bloom is a little loosely attached, however it's many other good points outweigh one slight defect.

Any Size Bulb \$2.00**Bulblets 30c, 4 for \$1.00**NO DISCOUNT

MOZART

(434 Lins 1960)

Parentage (Spic and Span X Dream Castle)

Tall strong straight plants which stand up in all weather. Long 18-20 bud flower heads. Ruffled well placed, well attached, wide open, heavy textured bloom in a shade similar to Picardy, peach salmon, but with better color penetration and more sparkle.

Tall stretchy cutflower spikes. A 5X variety for any purpose. Blooms midseason.

Any Size Bulb \$2.00**Bulblets 30c, 4 for \$1.00**NO DISCOUNT

KATHY

(316 Lins 1960)

Parentage (Gold X Little Gold)

This is one of those beautiful varieties one never has enough of. A ruffled, rich deep yellow with sparkling scarlet blotch. Color penetration is perfect. Wide open heavy textured bloom, always correctly placed on perfect plants.

A 5X variety, which we consider good enough to name for our granddaughter Kathy Aldern.

TESTIMONIALS

I thought you would be interested to know that I won SECTION CHAMPION award in the Novelty class with SCORPION at the Minnesota State Show. Carl H. Sommer, Minn.

I won CHAMPION RECENT INTRODUCTIONS at the Province of Quebec glad show at Montreal, on a nice spike of BLACK ARROW. Sydney Mode, Canada.

Got a blue ribbon with DREAM QUEEN at New Jersey show at New Brunswick, last summer. Albert T. Kelley, N. J.

I have bought your TREASURE CHEST and, or, your DARK COLLECTION now for several years and have always been greatly pleased with them. John Burgess, Retired, V. P. N. W. Nat'l Bank, Minn.

Recent Introductions

APRICOT BEAUTY

(420 Lins)

Parentage (Evangeline X Blondie X Oriental Pearl)

This is a good florists color. NAG Trial reports, "Creamy buff, pale yellow in throat. Formal spikes. Florets mostly inverted type. Blooms midseason. 7 open 8 in color. 5½" florets. Color value 85. 17 buds. Commercial and Exh. B, "A good cutflower for us in a good clean desirable shade. Makes a strong plant and blooms well from smaller sized bulbs.

BLACK ARROW

(358 Lins 1959)

Parentage (King Lear X Helen of Troy X Burma)

A new variety cannot be fully appraised until it is grown in quantity. In 1959 we had a good row of this dark maroon. It was a treat to see all those uniform long headed spikes. We consider Black Arrow as good in maroon as Hit Parade is in lavender. Easily opens 8 on long heads of 18-20 buds. Worth considering for exhibition in 358 class. Was Champion New Introductions in Canada, 1959.

CONGO

(558 Lins)

Parentage (Black Panther X Royal Robes)

When we get to Congo we get into the super glad catagory. If those who like the dark glads could have seen our Congo last season, they would have been thrilled as we were.

Grows 55" tall. Opens eight 5½-6 inch well attached, always perfectly placed, wide open bloom and 8 buds in color on 23 bud flower heads.

Is regarded by experts as the best giant maroon black. A larger stock allows cutting last year's price in half, which is good news for those who grow for exhibition.

DESERT FLOWER

(310 Lins)

Parentage (Bo Peep X Seedling)

Ruffled rich cream blending to buff on lower petals. Pale green throat and pure white stamens. A dainty variety on medium height straight plants. The wide open ruffled florets are always correctly placed. An easy grower and propagator. Blooms early.

EXQUISITE

(330 Lins)

Parentage (Bo Peep X Seedling)

Heavy textured ruffled well placed bloom in a beautiful shade of pure rich warm apricot pink. Everything about this glad suggests it's name. Unfortunately stock of this 5XX variety is still scarce. Really an exquisite flower.

FAR EAST

(415 Lins)

Parentage (White Tower X Spotlight)

Large wide open ruffled and waved chartreuse yellow with a small flame spot, plastic like substance and perfect color penetration. Opens 7-8 wide open bloom on 4 ft. plants. As a breeder it has produced beautiful seedlings, some in the so-called "green" category. Bulbs are healthy.

L 40c; M 25c; S 15c; Bts. 10 for 40c

FOLLIES

(235 Lins)

Parentage (Bo Peep X Seedling)

One of those thrilling spectacularly colored miniatures which blooms among the real early varieties. In 1959 it bloomed in the hot dry spell in July but still made perfect 16 bud straight spikes. Opens 6-8 very ruffled heavy textured bloom in peach pink with contrasty bright scarlet blotches. Very showy and beautiful.

L \$1.00; M 75c; Bulblets 2 for 35c

GRETCHEN

(210-310 Lins)

Parentage (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Beautifully formed, heavily ruffled greenish cream, pale green deep in the throat. Grown from small bulbs, is a 210 size, grown from larger bulbs it is our best 310, very early cream cutflower. From same cross as Hit Parade. One of the finest for arrangements and also a fine early cutflower. A beauty for any purpose.

LAVENDER CLOUD

(460 Lins)

Parentage (Blue Seedling X Eliz. The Queen)

A desirable florist color in clean unmarked pinky lavender. The plants are tall and strong with good heads with up to 8 open. Blooms midseason.

L \$1.00; M 75c; S 30c; Bulblets 2 for 35c, 10 for \$1.00

MAINLINER

(426 Lins)

Parentage (Wild Fire X White Christmas X Treasure Island)

This is a good early cutflower in a desirable color. The plants are tall with good 18-20 bud heads. The bloom is ruffled, wide open and well attached in a bright orange red with slight feather in darker red. An easy grower and propagator and blooms among the earliest varieties.

L 50c; M 35c; S 20c; Bulblets 3 for 25c, 10 for 50c

MAHOGANY

(458 Lins)

Parentage (Vendome X Flame Girl)

This is a really beautiful large, ruffled, beautifully formed velvety dark maroon blending to black red. The color seems to vary when viewed from different angles. The wide open bloom is well attached and well placed. 18-20 bud flower heads on good plants. Blooms early midseason. Rates 5XX for beauty.

MOJAVE

(356 Lins)

Parentage (Bo Peep X Burma)

Heavily ruffled 4½" heavy textured bloom in deep rosy salmon with a velvety deep crimson blotch. Medium height perfect plants. The combination is beautiful and out of the ordinary. Besides the open bloom most of the unopened buds show color. We use a lot of this for arrangements. The color description may sound like a light shade but the color is a deep beautiful shade, most will like.

L 50c; M 35c; S 20c; Bulblets 3 for 25c, 10 for 50c

ROYAL COACHMAN

(436 Lins)

Parentage (Flame Girl X Spic and Span)

If you want a clean heavy textured pure scarlet with perfect color penetration, which can open 10 on 18-20 bud flower heads on 50" perfect plants, get ROYAL COACHMAN.

Everything considered, this is the best scarlet we know of. Blooms late mid-season. A first class variety in every way, which is bound to become popular when available in larger quantity.

L \$1.50; M \$1.00; S 50c; Bulblets 1 for 20c, 10 for \$1.50

SABLE

(366 Lins)

Parentage (Royal Robes X Burma)

Heavily ruffled waxy glowing purple. Opens 8 perfectly placed well attached florets, plus many buds in color on 18-19 bud flower heads on perfect 4 ft. plants. Blooms late midseason. Experts proclaim Sable the best and prettiest purple in it's class.

L 25c; M 15c, 5 for 60c; S 10 for 50c

STREAMLINER

(440 Lins)

Parentage (Pink Seedling X Evangeline)

A 5XX ruffled light pink. If you grow cutflowers you need STREAMLINER. Last summer we had enough bulbs to evaluate this under ordinary field conditions without fertilizer or any pampering at all.

All size bulbs produced first class cutflower spikes. All tall, and no crooks. All with well placed and well attached florets. A beautiful shade of pink similar to Friendship but the plant is taller and the bloom larger. From Evangeline it inherited the tall plant but not the fault of misplaced florets. 18-20 bud flower heads with wide open bloom. Blooms early midseason. Was Champ seedling at Minnesota State Fair several years ago.

L \$1.00; M 75c; S 30c; Bulblets 3 for 50c, 10 for \$1.50

SUMATRA

(358 Lins)

Parentage (Burma X Royal Robes)

Heavily ruffled heavy textured velvety black red. Opens 6 perfectly placed and beautifully formed well attached bloom on a 4 foot spike.

Plants are always perfect. Those who like ruffled dark glads will like Sumatra.

L 25c; M 20c, 5 for 75c; S 2 for 20c, 10 for 75c

SWEETEST MAID

(430 Lins)

Parentage (Eliz. The Queen X California X Aladdin)

This is generally regarded as one of the most beautiful varieties in existence today. Makes a grand spike of extremely ruffled flat wide open bloom in delicate salmon.

Opens 8 always perfectly placed bloom on 18-20 bud flowerheads on 50" plants. Rated excellent in official trials. One of best sellers. A 5XX variety for any purpose.

L 30c; M 20c; S 2 for 25c, 10 for 90c

TECHNICOLOR

(325 Lins)

Parentage (Bo Peep X Seedling)

Heavily ruffled, heavy textured 4½ inch bloom in a blend of various shades of orange and salmon with deepest shades toward petal edges. The deeper orange throat blotch blends in perfectly.

A brilliant color combination. Has produced some fine seedings.

HIT PARADE

(364 Lins — 1957)

Parentage Wedgwood X Eliz. The Queen X Crystal X Myrna

It Blooms Early.

All Spikes Are Perfect And Of Uniform Height.

Color is Non-Flecking Medium Deep Lavender With Clean Lighter Throat.

Florets Are Beautifully Formed And Ruffled.

Bulblet Production Heavy.

Placement And Attachment Perfect.

Four Foot Stems Are Thin But Strong, Stand Up In All Weather.

Non-Crooking Cuttable Spikes From All Size Bulbs.

HIT PARADE

(364 Lins)

Parentage (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Most Beautiful

Hit Parade is the most beautiful and best performing 300 size medium deep lavender to date. IF YOU GROW CUT FLOWERS YOU NEED HIT PARADE.

100% Perfect Spikes

All spikes are uniformly tall and straight with long flower heads. The beautifully formed, well attached ruffled medium deep lavender florets are always perfectly placed. The stems are thin but stand up in all weather.

Blooms Early

You can be the first on your cutflower market with top quality spikes if you grow HIT PARADE.

Fast Propagator

A GOOD COMMERCIAL MUST BE A GOOD INCREASER. Hit Parade bulbs produce 50 to 100 or more bulblets each. These bulblets grow easily. Medium sized bulbs produce top quality spikes.

This has so many good qualities and is so good for any purpose that all will grow it eventually.

Florists can do wonders with it. For home arrangements there is nothing better.

BIRD OF PARADISE

(510 Sommer - Koerner)

This giant creamy apricot novelty is still going strong. If you haven't grown it, you most likely will.

The large exotic bloom, often 6-7 inches across has unusual form, something like a Christmas Poinsettia, all petals of about equal size. Has a red ring in the center and it's stamens are bent unlike other glads.

Has produced a new type of glads.

SEE "PARADISE HYBRIDS" IN THIS CATALOG.

L 25c; M 20c, 10 for \$1.60; Small 10 for 80c

GREEN ICE

(404 Barker)

Cool pale green without any incompatible foreign color to spoil the cool effect. Makes a tall plant which stands up in all weather. The flower head is long and it opens up a lot of bloom at one time.

Due to it's good plant habits it deserves to be considered the best in the chartreuse class.

L 50c; M 40c, 3 for \$1.00; Bts. 8 for 25c

MULTIPETAL

(Koerner)

Multipetal has a large number of creamy petals and could be considered a double. It's pollen used on regular type glads has produced New Types — Dragons, Doubles, etc.

If you are, like most glad fans, enjoying the "National Sport of Hybridizing" and growing seedlings, you might try for something different. Get a supply of MULTIPETAL bulbs. Have it's pollen available during the entire blooming season. Use it on your favorite varieties. You may produce something entirely new.

L 25c; Mixed Sizes 10 for \$1.50

TESTIMONIALS

We enjoy dealing with you as your bulbs are of excellent quality, your service good and your bulbs produce wonderfully. We have had no complaints over the years and congratulate you on your fairness to the customer. Everett W., Hill, Montana.

Your HIT PARADE was outstanding. Your bulbs are always nice. A. W., Shoquist, Minn.

The glad corms you sent are some of the finest I ever bought. Thanks for being so prompt and sending such fine glads. Mrs. Lawrence V. Lindsey, W. Va.

Red Ruffles came thru with flying colors. I like it's ruffled form and bright red color. It made two very beautiful spikes.

Paradise Hybrids

As might be expected, these Bird of Paradise seedlings are an entirely different TYPE. Most have flat saucer shaped bloom with all petals about equal size. They show that unusual unique pink or red ring in the center of the bloom and the bent stamens of the parent.

While Bird of Paradise does not set seed, some of these second generation do, thus are valuable in breeding.

Due to their unusual form they are a NATURAL for corsage work, in fact, all you have to do is pin them on.

Those who like to make arrangements will find these work in well as they are not too large.

MAUNA LOA

(586 Lins 1960)

SEEDLING NUMBER 545K

This is the largest of our new Bird of Paradise seedlings. Large flat saucer shaped wide open, somewhat ruffled with genuine Bird of Paradise center and bent stamens. All petals about equal size. Color is subdued mauve rose lavender of slight smoky cast. Plants are husky. Is still in very limited supply.

Medium or Small Bulbs \$3.00; Bulblets \$1.00 Each

RARE CHINA

(414 Lins 1960)

This new Bird of Paradise seedling is a dream flower in color and form. Pale chartreuse yellow, blending to white. The petal edges are chartreuse yellow. The 5 inch bloom, all petals of which are about equal size, is flat and of a beautiful new artistic form. A NATURAL for corsages and arrangements.

Medium or Small Bulbs \$3.00; Bulblets \$1.00 Each

SCORPION

(446 Lins 1959)

Ruffled and fluted, flat, heavy textured brilliant red with bent stamens like the parent. A delightful new form and something entirely different for arrangements. Medium plants which stand up in all weather. Makes regular sized healthy bulbs and propagates easily.

WAS CHAMPION NOVELTY CLASS IN MINNESOTA — 1959.

Medium \$2.00 Small \$1.00 Bulblets 3 for \$1.00

WHITE BIRD OF PARADISE

(400 Lins 1958)

Pure white, round, saucershaped, wide open blossoms with pink ring center and bent stamens. All petals about equal size.

This one makes only medium size bulbs but each bulb, by fall, produces a group of offsets. These offsets bloom nicely the following year and make a bulb with more offsets. You soon have enough bulbs and bloom to make all the arrangements and corsages your heart desires.

Medium \$2.00 Small \$1.00 Bulblets 3 for \$1.00

- GOLDETTE** (214 Butt) A ribbon of clean unmarked ruffled yellow florets on a tall perfect spike. One of the best clean yellow mins.
L 2 for 30c; Mixed Sizes 10 for \$1.00
- GREMLIN** (247 Butt) This is one of the best miniatures. Blooms very early. Bright rosy red, yellow throat overlaid with a red blotch. Easy to grow and is striking and beautiful. Makes lovely arrangements. L 2 for 30c; Mixed Sizes 10 for \$1.00
- GRETCHEN** (210 Lins) Very early blooming ruffled greenish cream. One of the sweetest small glads. Mixed, Medium and Small 10 for \$1.00
- IMPROVED LACINATUS** (Kunderd) Narrow, sharply lacinated rose pink petals. Has been called a miniature orchid. For corsages and arrangements. The original Lacinatus was introduced at \$1,000.00. This is an improvement on it. Any Size 25c
- JINGLES** (230 Lins) Heavy textured ruffled salmon pink and white. Fine for arrangements. L 2 for 30c; Mixed Sizes 10 for \$1.00
- LAVENDER PETUNIA** (265 Marek) Thin stemmed lavender rose with pure white throat. Very showy and popular. L or M 2 for 35c
- LITTLE GOLD** (216 Fischer) We know of no yellow, any size, as richly colored as this deep yellow miniature. Highlights any arrangement.
L 2 for 30c; Mixed Sizes 10 for \$1.00
- MELODIE** (331 K & M) This is a real beauty. Rich pink with three lower petals blotched velvety red. A must have. Don't miss this.
L 2 for 30c; Mixed Sizes 10 for \$1.00
- OBERBAYERN** (377 K & M) Deep blue with pure white throat. Scarce.
L 20c; M 15c
- PIROUETTE** (234 Butt) A beautiful deep salmon with red peppering in throat. Silver Medal Winner. Scarce. L 20c; M 15c
- RED BUTTONS** (146 Koerner) Tiny pure red bloom on thin stemmed plants. Blue ribbon winner. L 2 for 35c
- SKALAWAG** (242 Butt) Orange pink, yellow lip peppered red. 2 for 35c
- SPRITE** (324 Palmer) Ruffled brilliant sparkling orangy yellow.
L 2 for 30c; M 3 for 30c
- STATUETTE** (217 Butt) Ruffled yellow with darker feather. Although we think Goldette is better, this has won many prizes at the shows. L 2 for 30c
- ST. PAUL** (250 Koerner) Lacinated brilliant red.
L 2 for 30c; Mixed Sizes 10 for \$1.00
- TOGA** (266 Heuer 1960) This is a new introduction you should try. We saw this fine ruffled face up purple several times at shows as a seedling. We think it is a dandy and the best in this color class. Has already won a lot of awards at the shows. Being a face up makes it doubly valuable for arrangements. Any Size \$1.00
- TOYTOWN** (226 Butt) Certainly one of the most brilliant and most beautiful miniatures. Ruffled heavy textured brilliant orange. A 5XX miniature. Try this and Gretchen in an arrangement. L 2 for 30c; Mixed Sizes 10 for \$1.00
- WHITE SATIN** (100 Koerner) The best face up white miniature. Florists who know their stuff prefer the face ups for fine makeup work.
L 2 for 30c; Mixed Sizes 10 for \$1.00

WHITES AND CREAMS

WHITE TOWER (501 Lins) Large heavy textured white with a pink blotch. L 20c; M 15c

ANTARTIC (400 K & M) Highly rated slightly ruffled white which makes a fine exhibition spike. Florets are heavy textured and well placed. NAGC Trial records show: 56" plant with 26 bud flower head with 12 open. L 40c; M 30c

ARES (301 K & M) Creamy amber white with red blotches. Long flower head with 8 open at a time. L 2 for 30c; M 3 for 30c

CHRISTMAS COURT (400 Lins) Tall ruffled white. L 20c; M 15c; S 4 for 25c

DESERT FLOWER (310 Lins) Ruffled rich cream blending to pale buff on lower petals. Pale green deep in throat and pure white stamens. A dainty and easy to grow Bo Peep seedling. L 35c, M 20c; S 3 for 30c; Bts. 10 for 35c, 50 for \$1.25

ISLAND QUEEN (500 Lins) Very strong tall plants. The large white bloom has a delicate gloxinia like stippling in throat. Easy grower. Rated well in NAGC Trials. L 20c; M 15c

LA VALLE (511 Rev. Lines) Large cream with dark orange feathery blotch. An eye catcher. Good strong plants. L or M 20c

LORELIE (510 Howell) Large pale cream or creamy white. We never had better Lorelie than we had in 1959. Very popular in those sections suited to it. L 2 for 35c; M 3 for 30c

MANON (441 K & M) Large pinky cream with a large very dark maroon blotch. L 20c

ORIENTAL BLOND (310 Lins) Heavy textured ruffled rich real cream. Tall and straight. One of our best cream cut flowers. L 2 for 35c; M 3 for 30c

SNOW VELVET (400 Fischer) A good ruffled white. Plants are tall and strong. Can make a fine exhibition spike and has won prizes at the shows. L 25c; M 20c

WHITE ORCHID (400 Lins) Early blooming large pure white which looks like a large white orchid. L 20c; M 15c; S 2 for 15c

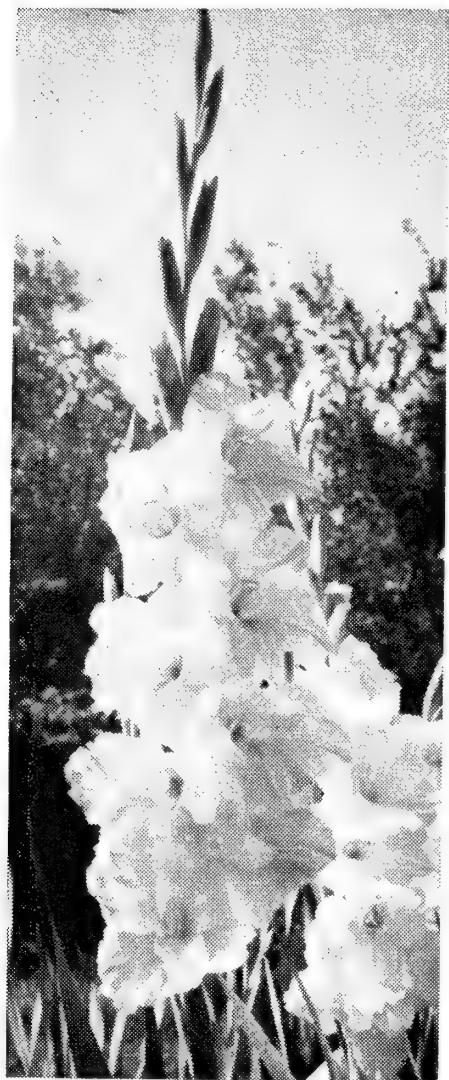

WHITE TOWER

TESTIMONIALS

The best part of the show is now being provided by those bulblets of **WHITE BIRD OF PARADISE** and **SCORPION**. These have developed normally and the beautiful florets are thrilling to behold. It seems marvelous that they can make such lovely bloom from bulblets. Each one had just 5 buds. I can't say which one I like the best, the purity of **WHITE BIRD OF PARADISE** or the brilliance of **SCORPION**. Paul Volkman, California.

My neighbor won three blue ribbons on her flower arrangements at our show. We could not have won without the perfect placement bloom from your bulbs. Jeanette Marshall, Minn.

FAR EAST

YELLOWS AND BUFFS

FAR EAST (415 Lins) Large ruffled chartreuse yellow with small flame spot. Opens 7-8 heavy textured plastic like wide open ruffled bloom on straight plants. One of the most beautiful varieties.

L 40c; M 25c; S 15c; Bts. 10 for 40c

APRICOT BEAUTY (420 Lins) A large clean creamy buff with pale yellow throat. Tall formal spikes with 7 open and 8 in color. 5½ inch florets, mostly of the desirable inverted type. A good florist's color. Blooms midseason.

L 50c; M 35c; S 20c; Bts. 10 for 50c

ARGENTINE (414 Roberts) A large beautiful, bright, ruffled and waved yellow which can make a wonderful flower head.

L 50c; M 35c; S 25c; Bts. 10 for 50c

AUTUMN GREEN (304 Pruitt) Elmer Gove, who certainly knows his glads bought the stock of this from the originator. Is regarded as one of the finest new glads. The buds are grass green and the green persists in the flower for a couple of days after opening, then it shades out to golden yellow. The bloom is very ruffled. The plants are medium high. Rates exceptionally high for beauty.

M 75c

CORONADO (414 Pruitt) Tall straight golden yellow which can open 8 on long flower heads. **L 2 for 35c; M 3 for 30c**

FORSYTHIA (516 Harris) A good large yellow with a decided chartreuse cast. Fine spike and flower head. **L 2 for 30c; M 3 for 30c**

FORT KNOX (416) We get tremendous spikes from this large deep yellow. We could not be without it. Produces big husky plants with wonderful heads with brilliant deep yellow bloom. Better try this. **L 2 for 35c; M 3 for 30c; S 10 for 50c**

GOLD (416 Marshall) Not as powerful a grower as Fort Knox but this is heavily ruffled deep golden yellow. **L 2 for 30c; M 3 for 30c**

GOLDEN PALOMINO (421 Summerville) A large buffy apricot yellow with small red feather. **L 25c**

KOLIBRIE (315 K & M) Bright yellow with big contrasty red blotch. Tall straight plants. Excellent performer and very showy. **L or M 20c**

MING YELLOW (416 Harris) A large deep rich yellow. Makes a good spike. Not a fast propagator thus not well known yet. **L 25c; M 20c; Bts. 10 for 25c**

PROSPECTOR (414 Leffingwell) A beautiful two toned yellow. The lower lip is much deeper yellow than the rest of the floret. The color effect is beautiful. **L 2 for 35c; M 3 for 30c**

REWARD (416 Pruitt) If there is a lovelier deep yellow, we haven't seen it. Tall strong plants with good flower heads with the most delightful rich two toned ruffled yellow bloom. Blooms a little late but what a beauty. A 5XX variety. **L 50c, 3 for \$1.25**

PINKS AND SALMONS

TREASURE ISLAND (540 Lins) Large, beautifully formed, wide open, ruffled light pink. For 1960 we have good young bulbs of this, which should produce good bloom. **L 2 for 35c; M 3 for 35c, 10 for 95c**

CIRCUS (335 Roberts) This was one of the very best in our trial grounds and rated 5XX which is tops. Blooms midseason. All perfect spikes. No crooks. Good flower heads with 8 or more open. A beautiful dignified color combination of deep salmon and yellow with all petal edges bordered scarlet pink. Words cannot adequately describe this. You must grow it and see it. Highly recommended.

L \$1.00; M 60c; Bts. 10 for \$1.00

DREAM QUEEN (434 Lins) A pretty wide open deep salmon pink with that desirable gloxinia like stippling in the throat. Makes a fine 4 foot spike.

L 2 for 30c; M 3 for 30c; 5 L and 5 M for \$1.00

EXOTIC (530 Lins) If you like the pastels you will be pleased with Exotic. Delicate buff toned light salmon blending to a soft blush white throat.

L 2 for 30c; M 3 for 30c; 5 L and 5 M for \$1.00

EXQUISITE (330 Lins) Heavy textured ruffled beautiful warm apricot pink. Everything about this flower suggests it's name. 5XX beauty.

L \$1.00; M 75c; Bts. 5 for \$1.00

FRIENDSHIP (442 Fischer) Early blooming ruffled pink. One of the best for early bloom. For us does best from the smaller bulbs. **M 3 for 30c, 10 for 80c**

KING SIZE (541 Hartman) A giant plant with yard long flower head. Can open up to 10 if well grown. For those who like big glads. **L 20c**

MAY DAY (443 Roberts) Heavily ruffled pure pink blending to a large cream white center. An outstanding beautiful variety. Blooms early midseason.

L \$1.00; M 60c; S 40c; Bts. 5 for 50c

NEW YORKER (440 Graff) Tall straight ruffled deep pink with long flower heads with 8 open and many buds in color. Show and cutflower. **L 2 for 35c; M 3 for 35c**

PAINTED LADY (443 Roberts) An exotic pink and white blend. The lip petal is edged scarlet. A most unusual and beautiful glad. Nothing just like Painted Lady. **L 20c**

PAUL BUNYAN (542 Melk) A giant plant with long flower head. Opens 8 large ruffled bloom at a time on long flower heads. Color is a rich pink with a rose spot. If you like them big, this is for you. **L 20c**

ROSALIND (430 Palmer) Ruffled bright golden salmon with clear yellow throat. **L 2 for 30c**

ROSE LUSTRE (534 Clark) A gorgeous glad which besides making a strong plant with long flower head, has also a very beautiful bloom in a deep hot salmon shade. Makes yard long flower heads, 6-8 giant well formed bloom open at a time. Blooms late midseason so plant this 5XX beauty early. **L 40c; M 25c**

RUFFLED MARVEL (430 Lins) Very ruffled heavy textured waxy pure salmon pink. Opens 8 on 18-20 bud flower heads. Blooms late midseason. **L 25c, 5 for \$1.00; M 20c, 5 for 80c; S 2 for 15c, 10 for 50c**

SILCHERLIED (443 K & M) Tall plain petaled light pink with red blotch. Strong grower. **L 20c, 5 for 75c**

TREASURE ISLAND

SUMMER CHARM (440 Lins) Very delicate pastel blush pink with faint lavender peppering in throat. Makes a strong plant. Excellent midseason cutflower. **L 2 for 35c; M 3 for 35c**

STREAMLINER (440 Lins) If you grow cutflowers you need Streamliner. Uniform tall straight plants with long flower heads. Rich pink wide open ruffled, well attached bloom. Color is similar to Friendship but the bloom is larger and the plant taller. **L \$1.00; M 75c; S 30c; Bts. 3 for 50c, 10 for \$1.50**

SWEETEST MAID (430 Lins) Extremely ruffled, flat, wide open bloom in delicate light salmon. Opens 8 always perfectly placed bloom on 18-20 bud flower heads on 50 inch plants. Regarded as one of the most beautiful varieties in existence. **L 30c; M 20c, 10 for \$1.60; S 2 for 25c, 10 for 90c**

TARGET (441 Larus) Large creamy pink with a large soft red blotch. Opens 6-8 on 20 bud heads on 55" plants. Very showy. **L 40c**

WAX CANARY (530 Woods) Large light shrimp salmon blending to a yellow throat. The lower petals are delicately peppered pink. A beautiful variety. **L 2 for 35c; M 3 for 35c**

ORANGE

DAISY MAE (525 Lins) Big soft orange with a cherry blotch. Good plants with long flower heads. Has won many show awards. **L 2 for 35c; M 3 for 35c**

FIESTA (426 Roberts) Correctly named. A real hot number in beauty and performance. Color is hot orange. Heavy textured bloom is fluted and recurved. Plants are good. One you should have. **L 35c; M 25c**

FIRE OPAL (426 Fischer) Ruffled bright orange with large yellow throat. **L 2 for 35c; M 3 for 30c**

MAINLINER (426 Lins) Wide open ruffled orange red. Tall plants with 18-20 bud flower heads. Excellent bright bloom. Blooms early. Good early cutflower. **L 50c; M 35c; S 20c; Bts. 10 for 50c**

MEXICO (327 Roberts) One of the most attractive autumn colors. Heavy textured ruffled deep orange with blending red mark in throat. Bright and cheerful and very popular. **L \$1.00; M 60c**

ORANGE GOLD (426 Marshall) Vivid true orange. Very bright and flashy. Tall strong plants. **L 2 for 35c**

ORANGE MAGIC (326 Wilson) Heavily ruffled, wide open florets on perfect formal plants. Fairly deep orange with large cream blotch and delicate orange rose stippling in throat. The originator says it makes 90% show spikes. Blooms mid-season. **L or M 50c**

REGINA (424 Palmer) Huge heavy textured wide open ruffled light orange with small red mark. Big plants with long flower heads. A beauty. **L 2 for 30c**

TECHNICOLOR (325 Lins) Heavily ruffled 4½ inch bloom in a blend of various shades of orange with deepest shades toward petal edges. A deeper orange throat blotch blends in perfectly. **L 50c; M 30c; Bts. 10 for 50c**

BLUE

OBERBAYERN (377 K & M) A beautiful deep blue with pure white throat. Plants are tall and thin stemmed, but stand up well. Stock limited. **L or M 20c**

PORCELAIN BLUE (476 Rich) Large pansy blue with a large white throat. **L20c**

PINNACLE (571 Jack) The only giant light blue. Has a spectacular blue violet contrasty blotch. Opens up to 10 huge florets on a very strong tall plant. **L 25c**

SALMONS SENSATION (576 Salmon) A giant deep blue. The largest and tallest deep blue. 6 inch florets on 5 ft. plants. **L 2 for 35c**

VIOLET CHARM (471 Jack) Pale violet with a large deep violet blotch. Opens 8 or more well placed florets on long heads on straight 5 ft. plants. Very good exhibition variety. **L 2 for 35c**

ROSE

- BRENDA** (456 Pazderski) A fine dark rosy red with an even darker blotch. Opens 8 or more somewhat ruffled bloom on a tall straight spike. We have seen some magnificent spikes of this. **L 2 for 35c; M 3 for 35c**
- BURMA ROSE** (554 Lasch) Ruffled hot deep rose pink. Everyone loves this beautiful shade. Plants are uniformly good. Consistently makes good spikes with many open well placed bloom and with most of the unopened buds in color. TESTIMONIALS

I have many customers in AUSTRALIA and NEW ZEALAND. Their blooming season has just finished and in three recent letters I had comments on CONGO. From N. Z. "All those you sent last year did well and made fine corms and plenty bulblets. CONGO DID BEST." From AUSTRALIA, Mr. Blanden said "CONGO was extra good." Another grower there stated, "Congo very tall." So you see all good reports on CONGO. Sydney Mode, Canada.

We are pleased with the flowers we grew from your bulbs. You said HIT PARADE is a good propagator. This is what I got: 1957 one bulb, in fall 3 bulbs and 200 bts. 1958 I planted those three bulbs and the 200 bts. in fall I had 107 blooming size and 3000 bts. I NEVER HAD SUCH INCREASE ON ANY GLAD. Our choicest glad is SWEETEST MAID. PINNACLE, with it's 32 inch flower head was most novel. Mrs. O. A. Bakke, Minn.

May I tell you how very much I like the bulbs you sent me last year. MY FAVORITES WERE THE SEEDLINGS. There were some beauties among them. Also I was really pleasantly surprised at all the many different kinds and beautiful flowers that were in the TREASURE CHEST. Mrs. Chas. E. Crouch, Montana.

I have more bulbs than I really need now but your 4X SEEDLINGS are really lovely and something to look forward to. Each morning I go out to see what opened up new. I have had some very lovely glads from your 4X seedling mixture. Mrs. Herbert Moores, Maine.

I want to say that FAR EAST is all you have said about it. It is O. K. in every way. I also like GRETCHEN as I am working on the greens. R. W. Robinson, Vt.

DESERT FLOWER was very nice and made beautiful bulbs. FAR EAST was very beautiful and grew fine. Howard A. Thompson, Wisconsin.

I am just starting to raise glads and am ordering my bulbs from you because my friend, who is an expert on glads, says you are one of the best suppliers. I have gotten many of your originatons from him already. I'm sure I will be more than satisfied with your bulbs. Paul Trinkl, N. Y.

HIT PARADE is a beautiful lavender and many people are just finding it out. Winston Roberts, Idaho.

Last year the bulbs I bought from you produced beautiful spikes. Lee B. Sprague, Illinois.

CHOCTAW (496 Wilson) Chocolate brown with a red blotch. A very showy smoky. Makes a good plant with a good flower head. Blooms late. L 25c; M 20c

COOPERI (204 Species) One of the original "Wild glads". The plant is tall. The bloom is greenish tan. very rare and scarce. M 35c

COPPER BRONZE (596 Roberts) A big smoky rosy brown with slate and copper overtones with the reverse side of the petals copper toned and a deeper colored throat mark. Opens 6-7 large florets on a tall strong plant. L 40c; M 30c; Bts. 10 for 40c

COPPER LUSTRE (580 Pazderski) Large ruffled rosy brown with copper edges blending to a tan center with a red blotch. Opens 8-5½" bloom on a good plant. Very popular. L 2 for 35c; M 3 for 30c

DUSTY MILLER (486 Elliott) Reliable and beautiful smoky. Bright rosy brown with some ivory marking. Makes a good spike with a fine flowerhead. L 20c; M 15c

ERIN (304 Pruitt) Deep chartreuse green with inner petals somewhat deeper and with a small deeper throat mark. A grand novelty. Tall straight plants with 6 wide open bloom open at one time. This is one of the popular "Green Glads". L 35c; M 25c

GRAY BEARD (480) Very unusual smoky. Color is an odd shade of salmon gray finely stippled cream. L or M 20c

GRAY SUMMIT (486) A beautiful smoky blue gray with a large white throat which is bordered pink. L 20c

G. DRACOCEPHALUS (204 Species) One of the original "Wild Glads" Tall thin stems. The small blossoms are "green". Some arrangers make these bloom appear like small orchids by bending the petals back, they then resemble Cymbidium orchids. Any Size 25c

GREENLAND (404) The name intrigued us. We grew this from small bulbs and were surprised what nice spikes they made. Should be even better from larger bulbs. Color is chartreuse cream or chartreuse light yellow. L or M 20c

GREEN LIGHT (404 K & M) This chartreuse yellow is the parent of some of our green glads. In demand by those working on "green glads". L 20c

SMOKY AND UNUSUAL COLORS (continued)—

GREEN MEADOW (504) This is a large chartreuse cream which makes a good strong plant with a big flower head with 8 large wide open bloom. Very scarce. Could be useful in breeding for large flowered "greens". **L or M 95c**

GREEN WOODPECKER (405 K & M) We grew this from small bulbs in 1959. These produced surprisingly good spikes which shows it to be a strong grower. The color is lemon green yellow with a maroon red blotch. I don't regard this as a candidate in a beauty contest but it is said to produce a 5 foot plant with long flower head with 10 open bloom. Since green glads are so popular now this will be in big demand. **L \$1.00; M 60c**

GUN SMOKE (481 Fischer) A somewhat ruffled salmon gray brown. **L 20c; M 15c**

MISTAYA (580) Giant blossoms in smoky gray. **L or M 20c**

MOTHER MACHREE (480) This was introduced at \$100.00 per bulb and was very popular. As new smokies appeared most growers stopped propagating it. Fortunately a few smart growers held on to some stock as it is perhaps as good if not better than a lot of new introductions. Many old timers still dream about those beautiful spikes of Mother Machree they used to grow and are delighted that it is again available. Color is hard to describe but vinuous gray lavender with creamy undertones about describes it. Startlingly unusual. **L 2 for 35c, 5 for 70c**

MRS. M. RAYWARD (581) Sunset clouds could describe this beautiful smoky. The color combination is smoky salmon and lavender with cream undertones. Opens 8 - 5½ inch wide open, perfectly placed beautiful bloom on 50" plants. A smoky fan wrote, "this is my favorite smoky". **L 45c; M 35c**

OKINAWA (381 Loar) Brown, marbled purple and slate with a velvety maroon blotch. Opens 8 on a first class plant. One of the best performing unusual colored smokes. **L 20c; M 2 for 30c**

PELLETIER D'OISY (204 Lemoine) Deep green with orange bronze stippling. A very interesting French variety. **Any Size 25c**

PERSIAN RUG (486 Roberts) Deep smoky plum and rosy brown combination with a prominent yellow throat blotch. **L 20c**

PIRATE CACHE (480 Wilson) A smoky chocolate brown blending to a yellow throat. Ruffled and fluted florets. **L 25c; M 20c**

PRAIRIE (497) A most unusual deep charcoal brown with a still deeper blotch. The flower is speckled yellow and red. A real eye catcher. Makes a good plant. **L or M 20c**

PRUNELLA (580 Stringer) Big strong grower. The large bloom is plum smoky with a large yellow blotch. **L 2 for 35c; M 3 for 30c**

R. B. (586) Large bloom in smoky gray lavender salmon tints. **L or M 20c**

ROBINSON CRUSOE (490 Lins) Base color is tan, heavily marbled chocolate. Hardly any two are alike. In some the tan predominates while in others chocolate predominates. Something different. **M 20c, 5 for 80c**

SALAMANCA (590 Stubbs) Fine large bloom in smoky salmon and red feather. Strong plants. **L 20c**

SANDMAN (590 Butt) A light brownish salmon with white throat. **L 25c**

SOUTH SEAS (491 Wilson) Dark smoky plum brown with burning red blotch. **L 20c**

STORM CLOUD (487 Butt) Smoky salmon tan brown blend. A good smoky. **L or M 20c**

STORM TERROR (580) Large dark smoky orange with cream blotch. Many large bloom on 20 bud flower heads. **L or M 35c**

STORMY WEATHER (480 Barrett) Popular pinky salmon gray with lighter throat. **L or M 20c**

SMOKY AND UNUSUAL COLORS (continued)—

THE ROAN (590 Pruitt) Large chestnut red, finely netted or veined white. Unusual variety. **L or M 20c**

TUNIAS ARISTOCRAT (Smoky) Giant blossoms in a smoky plum gray blend with a mild red blotch. **L or M 35c**

TUNIAS ELITE (Smoky) Large smoky orange blend. Makes a good spike.
L or M 25c

TUNIAS MAHOMET (586 Both) Heavy textured mild rose gray with a blotch. **L 25c**

TUNIAS MASTERPIECE (Both) Giant smoky lavender flecked deeper. **L or M 35c**

TUNIAS WIZARD (580 Both) Giant bloom in smoky brown tones with a vivid scarlet blotch. **L or M 35c**

VOO DOO (486 Kadel) A powerful growing smoky bronze gray with lighter throat stippled plum. **L 20c**

VOO DUN IT (490 Kadel) A fine brown blending to tan. Has a large yellow throat with brown stippling over the yellow. Flaring ruffled and needle-pointed bloom. A pretty glad but stock is limited. **L or M 35c**

WAHOO (581 Wilson) Large smoky orange with large vivid orange blotch. Opens
8 large florets on a big plant. Stock limited. **L or M 25c**

TESTIMONIALS ABOUT OUR PEONIES

Just a few lines to tell you how beautiful our peonies have been this year. I believe almost everyone discounts the glowing descriptions in seed and plant catalogs by 50% but I really believe you understate yours.

We have nine of your peonies and 7 are just beginning to come into their own but even the two we planted last fall, Ens. Moriarty and Tondeleyo show a lot of promise. We would be hard put to pick a favorite. Our GARDENIA DOLORODELL, MANDALEEN and RAMONA LINS were simply breathtaking. It is not only that the blossoms are so large but the color and form make them outstanding. All the neighbors have been admiring them and said my garden never looked so beautiful as this spring. Franklin P. Keating, Mass.

I won a blue ribbon at our spring flower show with a bloom of King Midas, planted last fall. Lillian Watson, So. Carolina.

The peonies were very lovely this year. ENSIGN MORIARTY is superb always. What a lovely thing it is. John and Evelyn Swanson, Mont.

4X Seedlings

Because most seedlings do not show their true value at first blooming as they bloom from small bulbs, many in this mixture, which did not show as supers, when grown from the larger bulbs, may show up as Super Dupers.

If we could grow all our seedlings the second time, we would, no doubt, find top notch varieties among the second bloomers.

At first blooming, only a small percentage are marked for further testing, all the rest go into this grand 4X seedling mixture.

We are already testing a great number of selected seedlings, therefore, unless the 1959 first bloomers showed practically perfect they were passed up.

No Doubt Some Will Find Some They Will Want To Name—
They Have The Right To Do So!

Supply Is Not Unlimited. We could not fill all orders received for them the last several years.

Why Should We Plant Peonies?

ENSIGN MORIARTY

HERE ARE SOME REASONS:

They are rated among the most beautiful of all plants, both in plant and flower. They are easy to grow. Magnificent flowers may be produced with less care than that given almost any other flower, though they will repay reasonable loving attention. It is long-lived. An established plant will live and bloom for many years.

THEY ARE HARDY IN EVERY STATE IN THE UNION AND IN ALL OF CANADA.

They may be grown in beds, borders or gardens by themselves or with other plants. They make attractive specimen plants on the lawn or in the garden. The blooms are large, showy, of many forms and colors and long lasting. Many varieties are deliciously fragrant. Disease and insects rarely bother them. They make excellent cut flowers and give beautiful landscape effects. In short it is one of the most useful, beautiful, versatile, and altogether satisfactory plants known.

IT IS TRULY THE KING OF FLOWERS!

PEONIES

The peonies we offer are not the cheap run of the mill varieties but are the best available today. Most have received the AMERICAN HOME ACHIEVEMENT MEDAL or similar award. They not only have beautiful bloom with a charm all their own but most have strong stems which hold the bloom off the ground.

These famous peonies will grace the finest estate. At a recent State Peony show LINS ORIGINATIONS won, against all comers, FOUR COLOR CHAMPIONS out of 5 possible. In class 100B, 5 Lins originations won the SILVER MEDAL. GARDENIA WAS GRAND CHAMPION in 1956 and 1957. In 1959 Lins originations won SWEEP-STAKES for most points. PAUL BUNYAN WAS CHAMPION DARK PINK AND VALENCIA WAS CHAMPION RED.

NOTHING BETTER IN PEONIES TO BE HAD!

Peonies can be planted in spring or fall. We have roots in storage for early spring planting. For fall planting, shipment in September and October.

BLUE ROSE (Lins 1957) A large full double bluish rose, which carries more blue color than any peony we know of. Has a strong sweet rose fragrance. Stems are not as strong as most Lins originations. Visitors usually refer to it as the "BLUE PEONY". — \$10.00

BURMA (Lins) Beautifully formed double deep red. At it's first showing it won in every class shown. Is also a good garden peony. Until the plant is fully established the bloom is a beautiful semi double with golden stamens. Blooms early midseason. — \$3.95

CASABLANCA (Lins) A giant full double pure white whose strong stems hold the large bloom erect. This description sounds common but these king size round full double pure white bloom must be seen on the plant to realize what a marvelous bloom this can produce. A MUST in every good collection. A peony you will be proud to own. Nothing else like Casablanca. — \$4.95

DOLORODELL (Lins) A full double giant in pure unfading salmon pink. A super peony in every way. Strong stems hold the great bloom erect. Has won the AMERICAN HOME ACHIEVEMENT MEDAL and highest honors on the show table. This must be seen on the plant to be fully appreciated. One of the super peonies you will be proud of. — \$4.95

ENSHIN MORIARTY (Lins) A very large full double dark pink whose strong stems hold the great bloom erect. Has such a fine form that it has been champion dark pink many times. The plant is medium height. A super show flower and also a grand garden flower. This also belongs in every good collection. If you like your peonies big, this is for you. — \$4.95

FESTIVAL QUEEN (Lins) A new double yellow with a pure white collar and a pure white crown. Foliage looks like that of a hybrid peony. Blooms very early, only a little later than early hybrids. An interesting and unusual peony and the best "yellow" we know of.—\$4.95

GARDENIA (Lins) The large double bloom is as beautifully formed as the best Gardenia. The plant is loaded each year with large beautiful bloom, in fact a row of 3 year olds is so loaded with bloom that the row looks like a snow bank. Cut in bud and opened inside the color is bluish. Opened on the plant the bloom is white. One of the finest peonies for either show or garden. Was BEST FLOWER IN THE SHOW several times which shows how perfect Gardenia can be. If you do not grow Gardenia you are missing out on one of the best. — \$3.95

KING MIDAS (Lins) The reds are, as a rule, not as well formed as some of the lighter colored peonies. King Midas however, has as fine a form as the best in any color. Won the AMERICAN HOME ACHIEVEMENT MEDAL on account of it's rose form and its brilliant real red color. The beautiful rose form bloom with perfect rosebud centers are produced in profusion on perfect plants. Holds it's petals before dropping, much longer than most peonies. — \$3.95

PEONIES (continued)—

LILAC TIME (Lins) A new Japanese type in a new color. A rich deep lavender lilac. The collar and the center cluster of lacinated petaloids are the same rich color. The richly colored bloom are carried on good stems on a good plant. Something different and wonderful for bouquets and arrangements. It's buds look like long rose buds. — **\$10.00**

MARY L. (Lins) A high built double creamy white. The top petals of some bloom have a touch of red. Blooms late midseason on good plants. American Home Achievement medal winner. — **\$3.95**

MAUNA LOA (Lins) Large flat rather loosely built full double rosy red on long willowy stems. — **\$3.95**

OLD LACE (Lins) One of the most beautiful and largest delicately colored peonies. The large full double flat bloom, 8-9 inches across is composed of long narrow petals radiating from the center, is carried on long willowy stems. When the long buds, which look like big rose buds, first open the color is pale pink but the sun changes them to rich ivory. Is the best when fully opened on the plant. — **\$3.95**

PAUL BUNYAN (Lins 1957) This is one of those grand peonies, every lover of fine peonies will want to own. A very large full double, well formed deep flame rose, which looks like a giant Paul Neyron rose in form and beauty. The large outer petals help hold it's good form even after it is open several days. Proclaimed by experts as one of the best new peonies. AMERICAN HOME ACHIEVEMENT MEDAL WINNER. A peony, even the most critical will be proud to have in their collection. In 1959 it won in every class shown also was CHAMPION DARK PINK. Stock limited. — **\$20.00**

RAMONA LINS (Lins) Another super peony, regarded by experts as an all time great. One of the world's most beautiful peonies. The delicately colored bloom is very large, full double and beautifully formed. These grand bloom are carried on strong stems which hold them erect. Color is pale ivory blush with Solange tones deep in the flower. This must be seen on the plant to see how magnificent it can be. A must in every collection of fine peonies. — **\$4.95**

ROSE UNIQUE (Lins) Tall double deep rose. A sister seedling of TONDELEYO but the color is deeper, about the color of that grand peony KANSAS. A husky plant able to stand wind and weather. — **\$3.95**

TONDELEYO (Lins) Full double non-fading deep flame pink of such fire and brilliance that it can be spotted across the show room. Blooms early on tall perfect plants with strong stems which hold the bloom erect. A grand peony in a wonderful color. — **\$3.95**

TOWN TALK (Lins) A new large heavy textured full double light pink on good stems. Was awarded a FIRST CLASS CERTIFICATE. — **\$4.95**

TULAGI (Lins) A good garden and landscape peony. The plant is beautiful even when not in bloom but early in the peony season the plant is loaded with large wide open bloom in rich deep red with a large center cluster of petaloids in deep mahogany. A beautiful Japanese type. — **\$3.95**

VALENCIA (Lins) A high built full double bright red on a medium plant with good stems. Was awarded a BRONZE MEDAL by the peony society. Was CHAMPION RED in 1959. We now have enough young stock to offer this at a popular price. — **\$3.95**

WAIKIKI (Lins 1959) A sister seedling of Hawaiian Sunset but in a different color. This is a beautiful Japanese type in cerise and salmon rose. The stems are strong and the plant is perfect in every way. An unusual color in rich cerise with a large center of petaloids in rosy salmon. — **\$10.00**

We ordered peonies from you two years now. Last year they were loaded with bloom. IMMENSE FLOWERS. TONDELEYO, GARDENIA, KING MIDAS, were gorgeous. Mr. and Mrs. Rollie Boyer, Indiana.
